Quality. Excellence. Leadership.

Emergency Services Nurse Manager

Principal Healthcare Solutions has recently partnered with an expanding community hospital that is a part of a major academic health system in the Carolinas, to identify a Nurse Manager (reporting to the Director of Nursing) to oversee their Emergency Services department. This opportunity is over a steadily growing ER that sees nearly **35,000** visits annually. There is major growth potential with this role, along with a strong compensation package.

Position Summary

- Responsible for the clinical, financial and human resource management of the department
- Oversees the provision of clinical care in the emergency department.
- Develops annual budgets and assures appropriate use of resources. Interviews, hires, counsels and evaluates employees.
- Functions as an effective member of the management team. Accepts responsibility for own personal growth.
- Ensures that a culture of safety is practiced for all areas of responsibility.

Education

- BSN or equivalent OR enrolled in a degree granting program

Licenses and Certification

- RN

Experience and Skills

- Minimum of 3 years of requisite experience in a similar role
- LEAN experience a plus
